Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • “I want to see player stats easily.” • “Match performance should be linked to players.”	THINKS • “Data should be accurate and updated.” • “Dashboards must be simple and interactive.”
PERSONA NAME Cricket Analyst / Fan	

DOES

- Wants automated dashboards
- Searches multiple sources for stats
- Uses spreadsheets for manual tracking

FEELS

- Feels frustrated with scattered data
- Feels excited when data is consolidated
- Feels confident when insights are clear
